User Register Form

The image shows a web browser window with a single tab titled "C:\Users\ELCOT\Desktop". The address bar displays the file path "file:///C:/Users/ELCOT/Desktop/ass1.html". The browser interface includes standard navigation buttons (back, forward, refresh, home) and icons for bookmarks, star, print, share, and a menu. The main content area features a registration form with a light blue background and a pink border. The form is titled "Registration Form" and contains several input fields: "Firstname" (placeholder: Firstname), "Lastname" (placeholder: Lastname), "Phone :" (placeholder: +91), "city:" (placeholder:), "Email" (placeholder: Enter Email), and "Password" (placeholder: Enter Password). A green "Register" button is positioned at the bottom of the form.

Visual coding

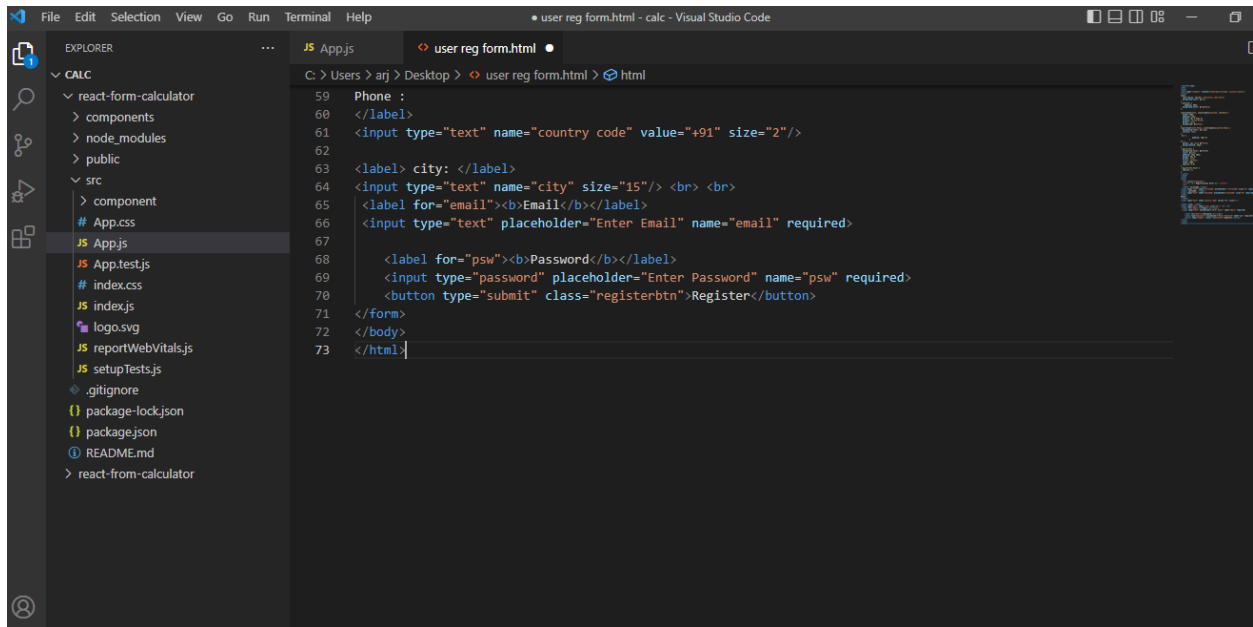

This screenshot shows the Visual Studio Code interface with a project named 'react-form-calculator'. The Explorer sidebar on the left shows the file structure, with 'App.js' selected. The main editor displays the 'user reg form.html' file, which contains CSS styles for a registration form. The styles include a container with a light blue background, input fields with a light blue background and orange focus, and a registration button with a green background and white text. The HTML structure is partially visible, showing a form with input fields for first name, last name, phone, and country code.

```
1 <!DOCTYPE html>
2 <html>
3 <head>
4 <meta name="viewport" content="width=device-width, initial-scale=1">
5 <style>
6 body{
7   font-family: Calibri, Helvetica, sans-serif;
8   background-color: #pink;
9 }
10 .container {
11   padding: 50px;
12   background-color: #lightblue;
13 }
14
15 input[type=text], input[type=password], textarea {
16   width: 100%;
17   padding: 15px;
18   margin: 5px 0 22px 0;
19   display: inline-block;
20   border: none;
21   background: #f1f1f1;
22 }
23 input[type=text]:focus, input[type=password]:focus {
24   background-color: #orange;
25   outline: none;
26 }
27 div {
28   padding: 10px 0;
29 }
30 hr {
31   border: 1px solid #f1f1f1;
32   margin-bottom: 25px;
```

This screenshot shows the Visual Studio Code interface with the same project. The Explorer sidebar shows the file structure, with 'App.js' selected. The main editor displays the 'user reg form.html' file, which contains the HTML structure for a registration form. The HTML includes a container with a registration form, input fields for first name, last name, phone, and country code, and a registration button. The styles are defined in a separate CSS file, which is linked in the HTML head.

```
30 hr {
31   border: 1px solid #f1f1f1;
32   margin-bottom: 25px;
33 }
34 .registerbtn {
35   background-color: #4CAF50;
36   color: white;
37   padding: 16px 20px;
38   margin: 8px 0;
39   border: none;
40   cursor: pointer;
41   width: 100%;
42   opacity: 0.9;
43 }
44 .registerbtn:hover {
45   opacity: 1;
46 }
47 </style>
48 </head>
49 <body>
50 <form>
51   <div class="container">
52     <center> <h1> Registration Form</h1> </center>
53     <hr>
54     <label> Firstname </label>
55     <input type="text" name="firstname" placeholder= "Firstname" size="15" required />
56     <label> Lastname: </label>
57     <input type="text" name="Lastname" placeholder="Lastname" size="15" required />
58     <label>
59     Phone :
60     </label>
61     <input type="text" name="country code" value="+91" size="2"/>
```

The screenshot shows the Visual Studio Code editor with a file named 'user reg form.html' open. The code is an HTML document with the following structure:

```
59 Phone :  
60 </label>  
61 <input type="text" name="country code" value="+91" size="2"/>  
62  
63 <label> city: </label>  
64 <input type="text" name="city" size="15"/> <br> <br>  
65 <label for="email"><b>Email</b></label>  
66 <input type="text" placeholder="Enter Email" name="email" required>  
67  
68 <label for="psw"><b>Password</b></label>  
69 <input type="password" placeholder="Enter Password" name="psw" required>  
70 <button type="submit" class="registerbtn">Register</button>  
71 </form>  
72 </body>  
73 </html>
```

Visual Studio Output Screen

The screenshot shows a web browser window displaying the registration form. The form is titled 'Registration Form' and contains the following fields:

- Firstname:
- Lastname:
- Phone :
- city:
- Email:
- Password:

At the bottom of the form is a green button labeled 'Register'.
